Summary

A motivated individual with in-depth knowledge of languages and development tools, seeking a position in a growth-oriented company where I can use my skills to the advantage of the company while having the scope to develop my skills. Proficient in developing scalable and efficient solutions with a strong foundation in Java, HTML, CSS, JavaScript, and basic knowledge of C and SQL. Demonstrates excellent leadership skills, problem-solving abilities, adaptability, and a strong team spirit, with experience in collaborating on cross-functional initiatives.

Experience

Ignitia Digital | Co Founder

Nov 2025 - Present

As the Co-Founder of Ignitia, I lead the strategy, development, and delivery of modern web and IT solutions. I work closely with clients to understand their requirements, design user-friendly digital experiences, and ensure projects are delivered with quality and reliability.

My responsibilities include project planning, web development, client communication, technical problem-solving, and overall business growth. At Ignitia, the goal is to build clean, scalable, and impactful digital solutions that help businesses grow.

Blue Minch | Web Developer With SEO Intern

April 2025 - July 2025

As a Web Developer with SEO Intern experience at Blue Minch, I contributed to improving website performance, user experience, and search engine visibility through both development and SEO strategies. My responsibilities included developing and maintaining responsive web pages, optimizing website content and meta tags, conducting keyword research, managing backlinks, and monitoring website rankings and traffic performance.

I collaborated with the team to implement SEO best practices, enhance website functionality, identify growth opportunities, and support digital marketing initiatives to drive organic traffic and strengthen online presence.

Education

Inspiria Knowledge Campus, Siliguri —BCA(Bachelors of Computer Application)

2023-2027

Score- 7.9 CGPA

ST.Xavier's School, Siliguri — Class XII
2022-2023
Score-76%

ST.Xavier's School, Siliguri — Class X
2020-2021
Score-77.8%

Projects

1. Personal Portfolio — Designed and developed a responsive personal portfolio website to showcase projects, skills, and professional identity. Features a clean, modern UI with smooth animations, project showcases, and contact integration. Built to reflect a full stack development background with attention to performance, design consistency, and user experience.
2. Ignitia Digital - Co-founded a digital agency offering end-to-end services across web development, AI automation, and marketing. Built and launched the agency website featuring animated UI, scrollable service showcases, and social proof sections. Served real clients across industries including e-commerce, immigration, and education, with delivered outcomes like 3x organic traffic growth and doubled conversion rates.
3. The Agency Explorer - Built a React-based local developer console for managing and deploying 140+ AI agent personas across 12 divisions. Features include semantic search, a drag-and-drop stack analyzer, live multi-turn chat simulator powered by the Anthropic Claude API, multi-agent chaining pipelines, and bulk export to tools like Cursor, Windsurf, and Aider with conflict detection. Built with React, Tailwind CSS, WebGL animations, and JSZip.
